## **Concurrent Planning**

---

**Purpose** To provide information to ensure that children in Children and Family Services (CFS) custody achieve legal permanency at the earliest opportunity.

---

**Approved** This policy was approved by Mike Ryan, Director of CFS, on October 29, 2008. *Signature on file.*

---

**Background** This revision includes information and procedures regarding responsibility of CFS staff to provide prospective adoptive parents and legal guardians with a full disclosure of the rights and responsibilities attached to the permanent plans of Adoption and Legal Guardianship.

Foster care was designed to be a temporary solution for children living in unsafe and dangerous situations, while supportive services were offered to their families to facilitate a goal of family reunification. However, many children have been growing up in foster care, and age out of the system without permanent families or any lifelong connections.

The Adoptions and Safe Families Act passed by the Federal government in 1997 identified permanency as one of the goals for children in the child welfare system.

In 1998, California implemented legislation to expedite legal permanency for children. AB 1544, the "Concurrent Planning Law," was designed to reduce foster care drift and eliminate barriers to relative adoptions.

Ideally, permanency is the reunification of the child with the birth parent(s). When this is not appropriate, the next most desirable permanent plan is adoption. Legal guardianship will only be considered when the first two options are ruled out. Legal guardianship with a relative, with whom the child is currently residing, is the preferred permanent plan over legal guardianships with a non-relative. Long term foster care is not considered a permanent plan and must only be recommended as a last option.

**Definitions**

**Concurrent Planning:** A process that involves:

- Working toward family reunification while at the same time establishing an alternative permanent plan should reunification efforts fail
- Immediate, simultaneous, and continuous assessment development that provides a continuum of options to achieve early family based permanency for all children removed from their families

**Concurrent Planning Family:** An approved/licensed home/family with an approved adoption home study that accepts placement of a child as a foster child with the intention of adopting that child, if reunification efforts are unsuccessful.

**Legal Permanency:** Reunification of child with birth or adoptive parents or with legal guardians. If that does not occur, legal permanency can also be defined as the child's adoption by another family or legal guardianship with another family.

---

## **POLICY**

---

### **Concurrent Planning Requirements**

To expedite the establishment of permanency plans for children in foster care, the following activities are required:

- Early determination of paternity
- Emergency relative assessment
- Reunification prognosis assessment
- Full disclosure to parents regarding concurrent planning options
- Reports to the Juvenile Court regarding concurrent planning
- Facilitate kinship adoptions (whenever possible)
- Full disclosure to caregivers of the rights and responsibilities associated with Adoption and Legal Guardianship

### **Adoptions Social Worker—Concurrent Planning**

Social workers in the CFS Adoptions program Concurrent Planning (CP) unit are given secondary assignment on all children brought into protective custody. These “Concurrent Planning” social workers assess the likelihood of family reunification for each child. They also ensure placement of children, for whom family reunification will not be recommended or whose prognosis for reunification is poor, with caregivers who are willing to adopt.

### **Determination of Parentage**

Issues of parentage must be addressed by social workers at the earliest possible time, discussed in initial interviews with the family, and clarified, if necessary, by Court Services and Specialized Family Services (SFS) Investigations social workers and Continuing Family Services social workers throughout the life of the case.

Names of alleged, biological, and presumed parents must be included in reports to the Court, as they become known, along with a request that the Court make legal findings of parentage.

See CFS P&P Parentage (G-0602) for additional information on determining parentage.

**Indian Child Welfare Act (ICWA) Issues**

Social Workers must ensure that all laws relating to placement and adoption of Indian children are followed. See CFS P&P Indian Child Welfare Act (G-0309) and CFS P&P Indian Child Adoption (C-0705) for information on these special requirements.

**Emergency Relative Assessment**

To facilitate placement with a relative or a non-relative extended family member (NREFM), assessment of all known relatives and NREFMs for possible emergency placement must begin as soon as possible after it becomes known that a child will be brought into protective custody.

Social workers assigned to the Diversion Unit (or ER social workers outside of Diversion staffs' working hours) will contact relatives and NREFMs who are potential placement resources to determine their willingness to accept the child into their home. If a willing relative or NREFM meets the minimum qualifications for an emergency placement, the child is placed in the home pending further evaluation and final approval of the placement.

**Note:** Potential relative caregivers who may wish to obtain custody of their relatives are to be advised that they should give full consideration to doing so when the child is first brought into custody as there may not be another opportunity for the child to be placed in their care. See CFS P&Ps Relative NREFM Placement Assessments (K-0105) and Out-of-Home Placement (K-0208) for additional information on emergency relative assessments.

**Reunification Prognosis Assessment**

A. **Initial:**

The assigned Court Services or SFS Investigations social worker will make a determination as to whether the family's reunification prognosis is good, fair or poor. The initial reunification prognosis must be provided to the CP social worker as soon as the determination is made.

**Note:** See *Reunification Prognosis Assessment (F063-25-507)* for assistance in making a reunification prognosis.

B. **Ongoing:**

1. The assigned social worker must make an ongoing reevaluation of the family's progress in completing the court ordered case plan objectives and services and the family's prognosis for successful family reunification throughout the period in which family reunification services are ordered by the Court.

2. If the initial prognosis for reunification was good or fair and changes to poor, the assigned social worker must, immediately upon making that determination, complete a *Permanent Planning Assessment (PPA) (F063-18-242)* in CWS/CMS. The assigned social worker submits the PPA to the Adoptions supervisor responsible for reviewing PPAs for that program, to evaluate the need for the secondary assignment of an Adoptions social worker to the case to facilitate early permanency.

See the section Permanent Planning Assessment below and CFS P&P Permanent Placement Assessment (post-1988) (G-0313) for additional information.

3. The Structured Decision Making (SDM) Reunification Reassessment Tool must be completed prior to each status review during the time that family reunification is the case plan goal. In addition, the Reunification Reassessment Tool must be completed whenever family circumstances change. This tool assists in determining the ongoing prognosis for reunification.

See CFS P&P Strategic Decision Making (D-0311) for additional information on SDM.

**No Family Reunification Services Offered**

When no family reunification services are ordered by the Court at the Jurisdictional/Dispositional hearing, primary assignment of the case will be given to an Adoptions social worker who prepares the Selection and Implementation Hearing report (.26) and provides all of the case management services required to facilitate the child's adoption as quickly as possible.

**Concurrent Planning Disclosure to Parents**

Parents must be provided with full disclosure regarding the concurrent planning process and permanency options as soon as possible after the Detention Hearing. Parents must be fully informed about permanency planning for their child during the dependency process including:

- Formulation of reunification and permanency plans
- Relinquishment for adoption to a family member, another designated adult or to SSA
- Guardianship
- Post-adoption contact agreements
- Reunification timelines

Parents must be given a copy of *What happens if your child is taken from your home?* (JV-050-INFO) and the sections relevant to the concurrent planning process pointed out to the parent during the interviews conducted by the Court Services and SFS social worker prior to the Jurisdictional/Dispositional Hearing.

Parents who come forward for the first time after the case has been assigned to a social worker in Continuing Family Services or Adoptions must be provided with the Concurrent Planning disclosure as soon as the parent becomes known to those social workers.

**Documenting Concurrent Planning and Permanency Option Advisement Efforts in Court Reports**

- A. Social workers must document efforts made in providing concurrent planning services to clients in each status review report. For additional information on documentation, see [Attachment 1–Concurrent Planning Documentation in Court Reports](#).
- B. Social workers must document information provided to caregivers regarding permanency options in the relevant sections of the .26 court report. See CFS P&P Legal Guardianship—Dependent (K-0402) and CFS P&P Preliminary Assessment for Permanency Hearing (G-0319) for information on providing this information in court reports.

**Documenting Concurrent Planning and Permanency Option Advisement Efforts in CWS/CMS**

All contacts, services and materials provided to caregivers related to the concurrent planning and permanency planning advisement processes must be documented in CWS/CMS.

See the Procedure section of this policy for information on documenting these activities.

**Documenting Concurrent Planning Efforts in Case Plans**

Each child in out-of-home care with a case plan goal of family reunification must have a case plan documenting the services to be provided to:

- Assist in reunification
- Achieve legal permanency

These services will be provided concurrently in order to achieve legal permanency for the child at the earliest opportunity in the event that family reunification efforts fail.

**Note:** See CFS P&P Case Plan Development/Elements (D-0101) for additional information on creating and updating case plans. For

specific information to be included in the concurrent planning portion of the case plan, see [Attachment 2–Concurrent Planning Case Plan](#).

**Order of Preference for Permanent Plan**

The assigned social worker must follow the order of preference below when recommending a permanent plan for a child who cannot be return home:

- First, adoption and the termination of parental rights
- Second, legal guardianship with a relative with whom the child is currently living
- Third, legal guardianship with a non-relative
- Fourth, long term foster care

**Note:** A relative caregiver’s preference for legal guardianship rather than adoption under circumstances that do not include unwillingness to accept legal or financial responsibility for the child *may not* constitute the sole basis for recommending removal of the child from the relative caregiver for purposes of making an adoptive placement.

**Required Information for Caregivers About Choosing a Permanency Option**

Caregivers must be given information regarding the long-term benefits and consequences of Adoption, Legal Guardianship and Long Term Foster Care in order to make an informed decision about a permanent plan. Each caregiver must be given copies of:

- *Financial Comparisons—Adoption, Legal Guardianship, and Long Term Foster Care (F0963-25-562)*
- *Rights and Responsibilities—Adoption, Legal Guardianship, and Long Term Foster Care (F0912-25-294)*

Ideally, this information will be distributed to caregivers at a Permanency Options Planning (POP) Meeting. The assigned social worker must provide the caregiver with a copy of *Permanency Options Planning (POP) Meetings Caregiver Information (F063-25-533)* before the permanent plan is recommended to the court. Caregivers must be encouraged to attend a POP meeting. See the Permanency Options Planning (POP) Meetings section of this policy below for additional information.

Social workers must not attempt to provide legal or financial advice regarding permanency options. Caregivers must be advised to consult their own attorney, tax and financial advisors, and the child’s eligibility technician to determine the impact of their choice of a permanent plan on their own specific family circumstances.

**Permanency Options Planning (POP) Meetings**

POP meetings facilitated by CFS supervisors are offered monthly in English and Spanish.

Each caregiver attending a POP meeting will be given the required information related to the rights, responsibilities, and financial comparisons of adoption, legal guardianship, and long term foster care. They will be asked to sign *Permanency Options Planning Meeting—Attendance Verification and Acknowledgement (F063-25-526)* at the conclusion of the meeting.

The assigned social worker will receive a signed copy of the attendance verification form for all caregivers attending a POP meeting.

**Permanency Options Advisement for Caregivers Who Do Not Attend a POP Meeting**

The assigned social worker must provide caregivers who are unable to, or will not, attend a POP meeting with the required documents related to the rights, responsibilities, and financial comparisons for each of the permanent plans. The signature of the caregiver must be obtained on the *Permanency Options—Caregiver Advisement Acknowledgement (F063-25-532)* form and placed in the child's Service File.

**Permanent Planning Assessments**

A review of the permanent plan for the child must be completed as soon as a determination is made to terminate family reunification services.

The assigned social worker and the assigned Adoptions supervisor will jointly assess the adoptability of the child using the *Permanent Planning Assessment (PPA)* completed in CWS/CMS and take steps to identify the appropriate permanent plan for the child.

The assigned social worker must include the results of this assessment in the .26 court report.

See CFS P&P Permanent Placement Assessment (post-1988) (G-0313) for additional information on PPAs.

**Concurrent Planning Families**

CFS will facilitate early placement in a potential adoptive home by identifying Concurrent Planning Families early in the foster parent application process. These families will be given additional information on adoption during their training to become licensed foster parents.

Concurrent planning families accepting the placement of a dependent child who is not yet freed for adoption must sign a *Concurrent Planning Agreement (F063-25-500)*. They agree to

cooperate with the reunification process and facilitate visits between the child and the birth parents. They will be informed that there is a possibility that the child might not be freed for adoption, might be removed from their home and placed with relatives, or might be returned to the birth parents. The family must agree to accept these contingencies, which offer the child the most possible stability while preserving the birth parents' right to reunification services, as a condition of the placement.

CFS staff will provide potential adoptive parents with information to assist them in understanding the legal issues they may be facing by accepting placement of a dependent child who is not yet freed for adoption. Case circumstances dictate the level of certainty that the child can be adopted at a later date. See [Attachment 3–Levels of Certainty](#) for information on the impact of case circumstances on the probability that the child will be freed for adoption.

### **Permanency Planning Mediation**

The assigned social worker must make a Permanency Planning Mediation (PPM) referral for all cases when family reunification services will not be offered or when the assigned social worker is recommending the termination of family reunification services, unless the:

- Assigned social worker in consultation with the supervisor determines that a compelling reason, such as the safety of the child, exists for not making a PPM referral
- Court orders that no PPM referral is to be made

**Note:** If any of the parties entitled to request a PPM do so, a referral must be completed unless a bench officer orders otherwise.

For additional information on this process, see CFS P&P Permanency Planning Mediation (C-0603).

### **Support Services for Caregivers Interested in Adoption**

To encourage and facilitate the adoption process, those families expressing an interest in adoption will be provided with a specialized training session in addition to the regular foster parent training.

When appropriate, families will be referred to contracted services through the Bridge Builders Program using the *Bridge Builders Referral (F063-25-256)* for additional training, counseling, and support.

### **Adoption Focus Units**

To facilitate early family based permanency for children whose parents have had their parental rights terminated these cases will be transferred to specialized units of social workers in continuing

court programs. These “Adoption Focus” social workers are specially trained in adoption requirements and become the primary assigned social workers when parental rights are terminated.

“Adoption Focus” social workers will also perform some of the activities needed to facilitate the adoption process before parental rights are terminated by consulting with assigned social workers, facilitating early completion of a PPM referral, and arranging for psychological and developmental evaluations of children who are likely to be freed for adoption.

**Assessment for  
Permanency  
Hearing**

- A. **Adoption:**  
A preliminary assessment of the family, *Preliminary Assessment for Permanency Hearing (.26) (F063-25-50)*, must be supplied to the assigned primary social worker by the Adoptions Applicant social worker and is to be included in the court report prepared for the .26 hearing.

**Note:** This assessment does not replace the Adoption home study that must be completed by a CFS Adoptions social worker or by a contracted private adoption agency through the Private Adoption Agency Reimbursement Program (PAARP). The home study may or may not be completed at the time the preliminary assessment is written.

- B. **Legal Guardianship:**  
A final assessment of the legal guardian must be provided to the court in the report prepared for the .26 hearing, documenting the guardian’s ability and commitment to provide a permanent home for the child. Preparation of this assessment, using the format of *Preliminary Assessment for Permanency Hearing (.26)*, is the responsibility of the assigned social worker. See CFS P&P Legal Guardianship—Dependents (K-0402) for information on preparing the guardianship assessment.

See the Procedure section below for additional information on the process for providing the preliminary assessment of the prospective adoptive family to the Court.

## PROCEDURE

**Required Actions—** Establishing Parentage The following actions must be completed to gather information about parentage when a child is detained and remains in out-of-home care.

<b>Staff Responsible</b>	<b>Step</b>	<b>Required Action</b>
<b>Assigned Emergency Response, Investigating, Continuing, and Adoptions Social Workers and Court Officers</b>	1.	Follow the procedures outlined in CFS P&P Parentage (G-0602) throughout the life of the case.

**Required Actions—** Assigning CP Worker The following actions must be completed to assign a Concurrent Planning (CP) Social Worker to each detained child.

<b>Staff Responsible</b>	<b>Step</b>	<b>Required Action</b>
<b>Intake Supervisor</b>	1.	Make following telephone calls each business day: <ul style="list-style-type: none"> <li>Call assignment cell phone held by Court Services Investigations Supervisor covering assignment log</li> </ul>

with names of all new out-of-home cases assigned to Court Services

- Call designated Specialized Family Services (SFS)– Investigation supervisor with the names of all new out-of-home cases assigned to SFS Investigations and Dependency Drug Court

**Court Services Supervisor Covering Assignment Log**

2. Assign a Court Services social worker to each child who has been detained and direct staff to post assignments on Manchester Office Building (MOB) Assignment List in the Outlook Public Folder.

**Designated Specialized Family Services– Investigations Supervisor**

3. Assign a SFS–Investigation social worker to each case and direct Investigations unit clerk to post information on SFS Intake Log on the Outlook Public Folder.

**CP Unit Clerk**

4. Review MOB Assignment List and SFS Intake Log on the Outlook Public Folder each business day. Prepare a Concurrent Planning folder for each child listed, and include a copy of the Detention Hearing Report (DHR) in each folder.
5. Assign a CP social worker to each case using the Concurrent Planning Worker Assignment List, and create a secondary assignment on Assignment page of child’s notebook in CWS/CMS for newly-assigned CP social worker.
6. Give child’s file to assigned CP social worker.

**Required Actions— Concurrent Planning Advisement for Parents**

The assigned **Court Services and Specialized Family Services (SFS)–Investigations social workers** must complete the following activities to ensure and document that all parents with children in out-of-home care receive a Concurrent Planning advisement.

<b>Staff Responsible</b>	<b>Step</b>	<b>Required Action</b>
<b>Assigned Court Services or SFS– Investigations Social Worker</b>	1.	Meet with each available parent of child in out-of-home care and provide them with a copy of <i>What happens if your child is taken from your home?</i> (JV-050-INFO).

2. As soon as each parent becomes available for an interview, discuss the following with each parent:
  - Parent's right to voluntarily relinquish child for adoption, including information about kinship adoption agreements
  - Legal guardianship
  - Simultaneous formulation of reunification and permanency plans, including placement efforts for child that include placement with a caregiver that will provide child with permanency, if reunification efforts fail
  - Court timelines for reunification
3. Document Concurrent Planning Advisement in contact section of child's notebook in CWS/CMS.
4. During interviews with parents, discuss, assess, and document information about relatives available for placement. See CFS P&P Out-of-Home Placements (K-0208) and CFS P&P Relative/NREFM Placement Assessments (K-0105) for additional information on this process.
5. Determine reunification prognosis for each child and provide prognosis to assigned CP social worker as soon as a determination is made.

If needed, *Reunification Prognosis Assessment (F063-25-507)* may be used to assist in determining whether reunification prognosis is good, fair, or poor, or whether to offer reunification services at all.

**Note:** Notify Placement worker as soon as possible if no reunification services will be offered to the parents.

6. Create a Concurrent Planning section in initial case plan, using the information contained in [Attachment 2– Concurrent Planning Case Plan](#) as a guide.
7. Document all concurrent planning efforts in Concurrent Planning and Social Worker Planned Activities sections in report prepared for the Jurisdictional/Dispositional hearing.

8. Note name of CP social worker on *Child Transfer Summary (F063-28-319R)* when transferring case to next social worker for all cases with a poor prognosis for reunification.

Required Actions— CP Unit – Reunification Prognosis Good	The following actions must be completed by <b>Concurrent Planning Social Worker</b> when prognosis for reunification is good.	
<u>Staff Responsible</u>	<u>Step</u>	<u>Required Action</u>
Assigned Concurrent Planning Social Worker	1.	Obtain prognosis for reunification from assigned Court Services or SFS–Investigations social worker and document prognosis in Contact section of child’s notebook in CWS/CMS.
	2.	Create <i>Permanent Planning Assessment (PPA) (F063-18-242)</i> in each child’s notebook in CWS/CMS.  See CFS P&P Permanent Placement Assessment (Post 1988) (G-0313) for additional information.
	3.	Close concurrent planning case on child who has a <u>good prognosis</u> for reunification: <ul style="list-style-type: none"> <li>• Complete and sign <i>Concurrent Planning Case Termination Summary (F063-25-508)</i>, including a brief summary of concurrent planning activities</li> <li>• Put completed <i>PPA</i> in file</li> <li>• Give file with completed form to supervisor for review</li> </ul>
Concurrent Planning Supervisor	4.	Review files submitted for closure. If in doubt about recommendation, consult with assigned CP social worker and make any necessary changes before closing.
	5.	When termination of a concurrent planning case is appropriate, sign the <i>Concurrent Planning Case Termination Summary</i> and send files to the CP unit clerk to be processed.
Concurrent Planning Unit Clerk	6.	End CP social worker’s secondary assignment in CWS/CMS and sign completed <i>Concurrent Planning</i>

*Case Termination Summary.* Attach summary to top of Concurrent Planning file and send to primary assigned social worker.

**Assigned Social Worker**      7.      File closed Concurrent Planning file in child's Service File upon receipt.

**Required Actions— CP Unit – Reunification Prognosis Fair**

The following actions must be completed by **Concurrent Planning Social Worker** when prognosis for reunification is fair.

<b>Staff Responsible</b>	<b>Step</b>	<b>Required Action</b>
--------------------------	-------------	------------------------

- |   |    |   |
|---|----|---|
| <b>Assigned Concurrent Planning Social Worker</b> | 1. | Obtain prognosis for reunification from assigned Court Services or SFS–Investigations social worker and document prognosis in Contact section of child's notebook in CWS/CMS.   |
